The Pay and Accounts Officer's letter at S No.4 is apparently based on the Madras Government's order received with the P.U.C.

he Madras G.O. does not contemplate any grr

for clubs but it does allow grants for certain objects mentioned therein connected with police sports.

Para 3 of the Madras G.O. prohibits the collection of subscriptions from police officers and the public for sports or games; but from the letter of the Commissioner of Police at S No. 1, it appears that a subscription is collected from the members of the Police Force in the Station for the maintenance of the club. Perhaps the Commissioner of Police does not want to follow the Madras practice in this respect and prefers to levy a subscription.

Under Rule 64 of the Book of Financial Powers, the Resident's power to sanction recurring 'Miscellaneous expenditure' is limited to Rs 200/- a year and as stated by the Pay and Accounts Officer, the expenditure requires the sanction of the Government of India.

Draft to the Government of India submitted.

Will Cpmmr of Police kindly see these notes and make any suggestions he can for strengthening the draft - especially something about physical fitness, morale etc. It will be impossible to get this sum into the budget of 1930-31 : so that the expenditure will have to be subject to re-appropriation.

To The Commissioner of Police, C and M Station, Bangalore, U.O.

COMMISSIONER OF POLICE 1116 A 17 DEC. 1929 BANGALORE

My experience for the period I have been here is that there is a certain amount of exclusiveness among the officers of the Force due probably to the lack of oppor-

opportunities for freely mixing with each other and this exclusiveness has necessarily not tended towards team work which is very essential for the successful working of crime detection.

I have thought over the matter carefully and I have therefore started an athletic club. I have also found that the physique of the force has not been as satisfactory as I expected and I am sure that the games I have introduced will go a long way towards improving the general physique of the Force.

The word "Club" has apparently misled the Pay & Accounts Officer. It is more correctly a Sports Association, the funds being all spent on sport.

I have only asked for Rs. 600/- per annum and so have to continue subscription from the Force itself.

I suggest that the word "of" may be substituted for the words "not exceeding" in the second sentence of para 3 of the draft and that the letter may redrafted on the lines of the above remarks.

Will Commr of Police kindly examine the tentative draft below.

2. Is the contribution to the Sports Fund compulsory and if not how is it worked ?

3. Is it possible to amplify passages side-lined 'A' giving more definite information ?

4. Is it possible , on the lines of the Nilgiri Division , to give part of the grant in any case and part if teams are entered for certain tournaments, and if so for which tournaments.

5. I think that it would be well to give the Government of India a set of rules based on those in force in Madras for the administration of the grant , as some of their rules ~~are~~ seem hardly applicable to us and I fancy that the Govt. of India will ask for rules and I shd like to avoid giving them any opportunity to send the proposal back .

6. Will it be possible to find funds this year, as their are one or two other proposals which will require funds - e.g. advance increments to certain officers?

7. Can you think of any other points which might be made against the proposal, and which we shd forestall

2. Yes. It is taken out of the men's pay.

3. A. It is impossible to acquire or hire a sports ground in Bangalore as all open spaces of sufficient size are already either in possession of the Military or have been converted into Parks or School grounds. Owing to the fact that the Police Parade ground was formerly the bed of a tank it will cost about Rs. 1000/- to make a hockey ground. At present the hockey team cannot practise anywhere.

There are several recognised hockey tournaments and also football tournaments in Bangalore for which the Police find great difficulty in entering as the entrance fee is usually Rs. 15.

4. No. We would enter for every local tournament in any case.

5. I dont think there need be any rules except that the Fund be audited by the Pay & Accounts Officer and that the objects for which the Govt. grant be spent be specified. They may be similar to annexure 1 of the Madras Rules except that for 2(a) may be substituted "Equipment" and for 2(b) preparation and training for local tournaments. In 2(c) substitute Commissioner of Police for District. Superintendent of Police. For 3(a) Substitute "Prizes".

6. Funds can be found this year.

7. I can think of no other points except that on page 4 I could certainly not advocate a grant of Rs. 500/- and a further conditional grant of Rs. 500/-. Our hockey ground will cost us Rs. 1000/- and we must have one if our Sports Club is to be a success.

Sir,

A sports club has been started for the members of the Police Force and arrangements are being made to have the following games at present:-

Hockey, Tennis & Foot-ball.

As the subscription that will be realized from the members of the Police Force will be about Rs. 30/- a month, it will not be sufficient to meet the expenses of the club. I, therefore, request you kindly to move the Hon'ble the Resident to sanction a grant of Rs. 600/- per annum. I may mention that in Madras Presidency each district is given a grant not exceeding Rs. 1000/- a year for Police sports clubs.

Sir,

I have the honour to invite a reference to item 33 of Appendix 12 of the Madras Financial and Account Code under which expenditure may be incurred on police sports subject to the maximum limits laid down by Government. A copy of the orders of the Madras Government laying down the limits and the objects of the grant may kindly be communicated to me. Presumably the grants are given only for providing prizes, apparatus, etc., in connection with the annual or periodical competitions. If any grants are given for the maintenance of Police clubs, the annual limit of such expediture may also be kindly furnished.

Subject:- Grant of Rs.600/- per annum to the Police Sports Club.

Sir,

With reference to your Endorsement No.8357/285-1929 dated the 1st October 1929 forwarding for remarks Memo No.1114/A-29 dated the 16th September 1929 from the Commissioner of Police, Bangalore, on the above subject, I have the honor to state that, in Madras, a grant for ~~the~~ Police Sports, which is subject to regular audit by the Accountant General, is placed at the disposal of the Inspector General of Police to be alloted to ranges and districts at his discretion. The objects on which the grant can be spent are as follows:-

1. (a) Preparation of grounds including the making of hockey and football fields and sports courses with their paraphernalia.
   (b) Hire of furniture.
   (c) Charges for the transport of furniture.
   (d) Lighting charges.

2. (a) Equipment including expenditure on equipment for district range and presidency sports, inter-recruits' schools sports and inter-company sports of the Malabar Special Police.
   (b) Preparation and training for all these sports throughout the year.
   (c) Entrance fee to local tournaments not exceeding Rs.20/- on each occasion, which may be sanctioned by the District Superintendent of Police.
   (d) Charges for the transport of sports equipment and tents.

3. (a) Prizes including prizes for all sports meetings mentioned in paragraph 2 (a)
   (b) Prizes for men during their training.

4. Printing including cost of printing invitations.

No

2. No grants are given by the Madras Government for the maintenance of Police Clubs.

3. If the Hon'ble the Resident however desires that the grant applied for by the Commissioner should be given it should be ~~received~~ viewed as 'Miscellaneous expenditure' and the sanction of the Government of India obtained under Rule 64 of the Book of Financial Powers.

JUDICIAL DEPARTMENT

G.O. No. 368, 29th June 1929

Police—Sports—Funds—Administration by District Committees—Sanctioned—Government grant—Consolidated and raised—Objects of expenditure laid down.

Order—No. 368, Judicial, dated 29th June 1929.

The following police sports are now held in this Presidency :—

(1) District sports.
(2) Inter-range sports.
(3) Presidency sports at Vellore.
(4) Inter-recruits' schools sports.
(5) Inter-company sports of the Malabar Special Police.

The expenditure connected with these sports has been met hitherto partly from the grants made by the Government and partly from subscriptions collected from police officers and the public in aid of district police sports.

2. With effect from 1929–30 the Government grants for these sports will be consolidated and raised to Rs. 30,000 per annum. This amount will be provided under "26-c. Police—District Executive Force—i. District Police—Supplies and Services—Voted—Miscellaneous." The grant will be at the disposal of the Inspector-General of Police to be allotted to ranges and districts (including the City Police) at his discretion. The procedure in dealing with the amounts allotted to the City Police, ranges and districts will be the same as in the case of other allotments of Government funds in the sanctioned budget estimates. The objects on which this grant should be spent are specified in Annexure I to this order. The expenditure will be subject to regular audit by the Accountant-General.

3. The Government prohibit, with effect from 1929–30, the collection of subscriptions from police officers and the public for these sports or games (including prizes for shooting, etc.). They, however, permit the charging of the public for admission to police sports or games and for refreshments on such occasions. The receipts from these charges in each district will constitute a "District Police Sports Fund," which will be managed (subject to any orders or instructions issued by the Government or the Inspector-General of Police) by a local committee consisting of the Collector, the District Superintendent of Police and two non-official gentlemen nominated by the Collector. The Commissioner of Police will take the place of District Superintendent of Police so far as the sports fund of the City is concerned. The fund so formed will be independent of the Government grant and will be subject to audit by the Inspector-General of Police. The objects on which the District Police Sports Fund should be spent are specified in Annexure II to this order. The committee administering the fund should submit an annual statement of accounts to the Inspector-General of Police and this statement, after audit by the Inspector-General, should be published in the gazette of the district concerned. The date by which these reports and statements should reach him will be fixed by the Inspector-General.

4. The Inspector-General of Police should allocate to the new district sports funds so formed the existing balances of accumulated subscriptions.

5. The teams competing at the district, range and presidency sports should not include more than one gazetted officer and twenty other ranks. The Deputy Inspectors-General of Police should, as far as possible, attend sports held in the range under their charge. Teams for inter-recruits' school sports should consist of 25 recruits of from four to six months' standing and may not include more than two members of the school staff, who may be of any rank. Teams for inter-company sports of the Malabar Special Police should also consist of a reasonable number of men and officers, not exceeding twenty in any case.

6. The Government sanction the payment from provincial funds under "travelling allowance" under the respective minor-heads under "26. Police" of travelling allowance for journeys and halts at the usual rates—

(1) to the members of teams attending the district, range and presidency sports, inter-recruits' schools sports and inter-company sports of the Malabar Special Police;

(2) to the orderlies accompanying tents required in connection with these sports; and

(3) to the Government members of the Presidency Police Band, Vellore, attending the sports.

Concession tickets should, as far as possible, be obtained from railways for the members of all teams; the travelling allowance should be reduced by the difference between the costs of tickets at the ordinary rate and at the concession rate.

7. Necessary amendments to the Madras Travelling Allowance Rules will issue in the Finance Department.

8. The Government direct that regular transfers of men from one part of a district to another should not be allowed merely on alleged considerations of the interests of sports.

9. The Government have considered the suggestions made by the Accountant-General for altering the draft rules governing the expenditure on police sports and games. This order and its annexures have been framed with due consideration of these suggestions. The Government are unable to accept them in full. They do not see, for example, any reason to subject the expenditure from the District Police Sports Funds to the audit of the Accountant-General; the District Committees and the Inspector-General can be expected to see that the rules regarding the expenditure are observed. The grant of travelling allowance to the members of the Presidency Police Band attending the sports does not affect the annual contribution made by Government to the band as the contribution is solely intended to supplement the resources for the maintenance of the band and its employees.

10. The Government have decided that any surplus out of the District Police Sports Fund may be used to supplement the Government grant allotted to the local officers of the Police department to meet expenditure on which that grant may be spent. Annexure II has been framed to give effect to this decision. If on the other hand, the Sports Fund of a district is at any time deficient owing to the fact that with the permission of the Inspector-General of Police, the public are not charged for entrance to sports or games the Government grant may be utilized on the objects specified in Annexure II.

11. The railway fare and daily allowance of the private members of the Presidency Police Band should, in that case, be charged to "26-d. Police—Police Training Schools—Supplies and Services—Voted—Miscellaneous," not to "Travelling Allowance."

12. The Government hereby accord sanction to all items of expenditure incurred in the past in connection with police sports which are not covered by this order and have been held under objection by the Accountant-General.

(By order of the Governor in Council)

A. Y. G. CAMPBELL,
Chief Secretary.

To the Inspector-General of Police (with reference to correspondence ending with his letter R.C. No. 178/Acct., dated 4th April 1929).

The procedure in dealing with the amounts allotted to the City Police, ranges and districts will be the same as in the case of other allotments of Government funds in the sanctioned budget estimates. The objects on which this grant should be spent are specified in Annexure I to this order. The expenditure will be subject to regular audit by the Accountant-General.

3. The Government prohibit, with effect from 1929-30, the collection of subscriptions from police officers and the the public for these sports or games (including prizes for shooting,

Th

They, however, permit the charging of the public for admission to police sports or games and for refreshments on such occasions. The receipts from these charges in each district will constitute a "District Police Sports Fund," which will be managed -- (subject to any orders or instructions issued by the Government or the Inspector-General of Police) by a local committee consisting of the Collector, the District Superintendent of Police and two non-official gentlemen nominated by the -- Collector. The Commissioner of Police will take the place of District Superintendent of Police so far as the sports fund of the City is concerned. The fund so formed will be independent of the Government grant and will be subject to audit by the Inspector-General of Police. The objects on which the -- District Police Sports Fund should be spent are specified in Annexure II to this order. The committee administering the fund should submit an annual statement of accounts to the Inspector-General of Police and this statement, after audit by the Inspector-General, should be published in the Gazette of the District concerned. The date by which these reports and statements should reach him will be fixed by the Inspector-General.

4. The Inspector-General of Police should allocate to the new district sports funds so formed the existing balances/accumulated subscriptions of

5. The teams competing at the district, range and presidency sports should not include more than one gazetted officer and twenty other ranks. The Deputy Inspectors-General of Police should, as far as possible, attend sports held in the range under their charge. Teams for inter-recruits' school sports should consist of 25 recruits of from four to six months' standing and may not include more than two members of the school staff, who may be of any rank. Teams for inter-company sports of the Malabar Special Police should also consist of a resonable number of men of officers not

exceeding

exceeding twenty in any case.

6. The Government sanction the payment from provincial funds under "travelling allowance" under the respective minor heads under "26. Police" of travelling allowance for journeys and halts at the usual rates,-

(1) to the members of teams attending the district, range and Presidency sports, inter-recruits' schools sports and inter-company sports of the Malabar Special Police;

(2) to the orderlies accompanying tents required in connection with these sports; and

(3) to the Government members of the Presidency Police Band, Vellore, attending the sports.

Concession tickets should, as far as possible, be obtained from railways for the members of all teams; the travelling allowanc should be reduced by the difference between the costs of tickets at the ordinary rate and at the concession rate.

7. Necessary amendments to the Madras Travelling Allowance Rules will issue in the Finance Department.

8. The Government direct that regular transfers of men from one part of a district to another should not be allowed merely on alleged considerations of the interests of sports.

9. The Government have considered the suggestions made by th Accountant-General for altering the draft rules governing the - - expenditure on police sports and games. This order and its annexures have been framed with due consideration of these suggestio The Government are unable to accept them in full. They do not see, for example, any reason to subject the expenditure from the District Police Sports Funds to the audit of the Accountant-General; the District Committees and the Inspector-General can be expected to see that the rules regarding the expenditure are observed. The grant of travelling allowance to the members of the Presidency Police Band attending the sports does not affect the annual contribution made by Government to the band as the contribution is solely - -

intended

intended to supplement the resources for the maintenance of the band and its employees.

10. The Government have decided that any surplus out of the District Police Sports Fund may be used to supplement the Government grant allotted to the local officers of the Police department to meet expenditure on which that grant may be spent. Annexure II has been framed to give effect to this decision. If on the other hand, the Sports Fund of a district is at an time deficient owing to the fact that with the permission of the Inspector-General of Police, the public are not charged for entrance to sports or games the Government grant may be utilized on the objects specified in Annexure II.

11. The railly fare and daily allowance of the private members of the Presidency Police Band should, in that case, be charged to "26-d. Police - Police Training Schools.- Supplies and Services Voted - Miscellaneous," not to "Travelling Allowance".

12. The Government hereby accord sanction to all items of expenditure incurred in the past in connection with police sports which are not covered by this order and have been held under objection by the Accountant-General.

The Hon'ble Lieutenant Colonel R.J.C. Burke.

RESIDENT IN MYSORE.

To

The Political Secretary to the Government of India,

Foreign and Political Department.

Bangalore, the 1st August July, 1930.

Grant for the promotion of games and sports of the Police Force of the Civil and Military Station of Bangalore.

Sir,

I have the honour to recommend that an initial non-recurring grant of Rs.1,500/- and an annual grant of Rs.750/- shall be placed at the disposal of the Commissioner of Police for the promotion of sports and games for the Police Force of the Civil and Military Station of Bangalore.

2. In the fifth paragraph of my predecessor's letter No.8486, dated the 7th October, 1929, recommending a revision of the pay of the Police Force of the Civil and Military Station, he informed the Government of India of his alarm at the serious falling off in the standard of physique of the recruits who had offered themselves in the last few years.

As was explained then, much of this falling off is due to the fact that, while in 1924 no less than 93% of the recruits were ex-soldiers, in 1929 only 15% were ex-soldiers;

ex-soldiers; and this circumstance has led at the same time to a falling off in the team spirit which is so essential in a force of this nature. In the past the majority of the recruits started with the advantage in this respect of a military training and of a number of years' service in an organized body of men, and it is found difficult to make up for the loss, because work in a Police Force is necessarily more that of an individual than of an unit and there are not the same opportunities, for either officers or men, of mixing with each other, of getting to know each other well and of building up and maintaining a health esprit de corps.

3. The Commissioner of Police has been trying to remedy these deficiencies by doing all that he can to encourage sports and games among the men of the Force. Arrangements have been made, so far as is possible with the limited means at his disposal, for hockey and football, and for practice in running and other sports.

(5) But it will be appreciated that in a large city like Bangalore, it is difficult to obtain a suitable ground for games and sports. All open spaces of sufficient size are already either in possession of the Military Authorities, who require them for their own use, or have been converted into Parks or School grounds and the Police Force have hitherto had either to hire grounds at considerable cost or to depend on such grounds as may be placed at their disposal when not otherwise required by military units. It is by no means easy to obtain the loan of grounds, whether hire is paid or not.

(6) It is, therefore, proposed to make a hockey ground on the Police Parade Ground, but as the Parade Ground was formerly the bed of a tank, a considerable amount of work is necessary to make it fit this purpose. The cost of work is estimated to be Rs.1,500/-

4. A Sports Fund was started not long ago to which all rank contribute compulsorily and some progress, though only on a small scale, has in this way been made in the provision of equipment for games and sports. There are excellent opportunities in Bangalore for teams to enter for tournaments and for arranging practice matches, and for teams and individuals to enter for sports, but the payment of entrance fees are beyond the means of a Fund supported by the very small subscriptions that it is possible, or expedient, to collect. I regard it as essential in the interests of the Police Force that the organization of games and sports should be placed on a proper footing and I enclose a copy of the Proceedings of the Madras Government No.368-Judicial., dated the 29th June, 1929, which show the steps that have been taken by the Madras Government to reorganize the arrangements for games and sports in their Police Force and the very considerable sum which they place annually at the disposal of the Inspector-General of Police for the purpose.

5. It has been ascertained informally that the neighbouring Division of the Madras Police, the Nilgiri Division, receives a grant of Rs.350/- for District Police Sports and a further Rs.350/- if a team for the Range Sports is entered. Their strength is only 350 as opposed to the strength of 578 in the case of the Police Force of the Civil and Military Station and it should be noticed that a considerable proportion of the personnel of the Nilgiri Division are scattered about, so that games are not so easily organized on a regular basis for large numbers as is possible in Bangalore. Bangalore is, moreover, an expensive place in which to arrange for games on a considerable scale.

6. I, therefore, recommend that an annual grant of Rs.750/- may be placed at the disposal of the Commissioner of Police. This should enable the Police Force to enter teams for all the local tournaments and it is the intention that they shall do so, unless prevented by some emergency.

7. I propose that the grant shall be subject to the audit of the Pay and Accounts Officer, Civil and Military Station, Bangalore, and that the objects on which it may be expended shall be the following

(1) (a) Preparation of grounds including the making of hockey and football fields and sports courses with their paraphernalia.

(b) Hire of furniture.

(c) Charges for the transport of furniture.

(d) Lighting charges.

(2) (a) Equipment.

(b) Preparation and training for all local tournaments.

(c) Entrance fee to local tournaments not exceeding Rs.20/- on each occasion, which may be sanctioned by the Commissioner of Police.

(d) Charges for the transport of sports equipment and tents.

(3) (a) P r i z e s.

(b) Prizes for men during their training.

(4) Printing including cost of printing invitations.

8. It will be observed from the third paragraph of the enclosed order that the Government of Madras prohibit the collection of subscriptions from Police Officers and the Public. Though the opportunities of obtaining assistance from the Public are not so wide in the Civil and Military Station as may have been the case in some districts in the Madras Presidency, I think that the Madras rule should be adopted, the more so as even the small subscription now levied is looked upon by the men as an imposition.

9. I have consulted the Pay and Accounts Officer, Bangalore, who is of opinion that the expenditure should be regarded as "Miscellaneous Expenditure" and that the sanction of the Government of India is necessary under — Rule 64 of the Book of Financial Powers.

10. I, therefore, request that the sanction of the Government of India may be given, subject to the conditions mentioned in this letter, to an initial non-recurring grant of Rs.1,500/- for making a hockey ground and an annual grant of Rs.750/- for the promotion of games and sports among the Police Force of the Civil and Military Station of Bangalore.

If the grant is sanctioned, the expenditure during the current year will be met by reappropriation from the savings in the Assigned Tract budget estimates for the year 1930-31.

11. In conclusion, I wish to emphasize the necessity at the present time for doing all that is possible to strengthen our security services. It is hoped that with this grant, small as it is, it will be possible to provide for games and sports on a much wider basis than is possible by any private effort and so improve the physical fitness of the Police Force: at the same time, it should help to prevent men coming under undesirable influences in their spare time and should be invaluable in building up and maintaining a healthy spirit among them. It must be remembered that not only is the Civil and Military Station a large city, in itself affording opportunities for the work of mischief makers, but that there is an even larger city contiguous

with

with it. It is essential that everything possible should be done to keep the men of the Police Force of the Civil and Military Station away from these influences.

FROM

THE HON'BLE MR. S. E. PEARS, C.S.I., C.I.E.,
RESIDENT IN MYSORE, BANGALORE.

To

THE POLITICAL SECRETARY
TO THE GOVERNMENT OF INDIA,
FOREIGN AND POLITICAL DEPARTMENT, SIMLA.

Bangalore, the 7th October, 1929.

Subject:—Revision of pay of Police Force, Civil and Military Station, Bangalore.

Sir,

I have the honour to refer to your telegram No. 472-Est.A., dated the 18th February, 1921, sanctioning the revision of pay of the Police Force, Civil and Military Station, Bangalore.

2. In considering the proposals for the revision of 1921, the principle was accepted that the conditions and cost of living in the Civil and Military Station of Bangalore were properly comparable to those of Madras City and that the pay of the Bangalore Civil and Military Station Police Force and Office Establishment should not, therefore, fall below the rates given in Madras City. My predecessor felt and wrote strongly about this principle and I entirely agree with him.

3. The rates of pay of the Head Constables and Constables of the Police Force in Madras City were revised in * 1922 and considerably better terms were given than those fixed in the revision sanctioned just previously for the Civil and Military Station. In the case of Sergeants, the pay has again been increased throughout the entire Presidency by Madras Government Order No. 198, dated the 15th April, 1929, a copy of which is enclosed for ready reference.

4. There is indisputable evidence of discontent and of wide-spread and serious economic distress in the Force, which is affecting its morale. Two cases occurred recently of cheating and two of theft, by Constables, in circumstances which showed that the cause of the crimes was economic; and last year no fewer than 174 Head Constables and Constables or 32% of the Force, were defendants in civil suits for the recovery of debts, in spite of the fact that there is a Police Co-operative Society which lends money on easy terms to members of the Force. One of the Sergeants is bankrupt, another owes Rs. 2,000 and two of the remaining three are just solvent but unable to save and, if they died, would leave their wives and families destitute. At all times, and especially at times like the present, when acute political agitation is rife, it is one of the first essentials of administrative policy that the Police Force should be loyal, contented and efficient. I shall develop this axiom in a separate communication. The body of the Police Force of the Civil and Military Station *is* loyal and efficient, but it is *not* contented, and is ill-paid, and these evils, unless speedily removed, will inevitably bring about inefficiency, corruption and disloyalty.

---

*G.O. No. 336 Judicial (Madras), dated 11th March 1922.

5. I am alarmed by the very serious falling off in the standard of recruits that are obtained. They are weedy and undersized, and during the last year no less than 125 out of 217 applicants were rejected as they were below the standard required. A recent batch was so bad that 17 out of 25 had to be rejected. The applicants, moreover, have a lower standard of literacy than was formerly the case. In the past the Police Force was largely enlisted* from the Army, but this is no longer the case.

*Year.	Percentage of ex-soldiers enlisted.
1924	... 93%
1925	... 72%
1926	.. 75%
1927	.. 30%
1928	... 28%
1929	... 15%

Some part of this falling off may be attributed to the fact that the system of recruitment in force at present in the Indian Army is a short period with the Colours and a long period with the Reserve, during which the men are not allowed to join a Police Force, but the extent of the decrease suggests that the Force must also be unpopular and I am told that men who would no doubt in the past have joined the Police Force find more lucrative employment as watchmen and in other capacities in private firms. However that may be, the hard fact remains that this source of recruitment has failed and that the Police Force does not attract other recruits of the stamp, or even approaching the stamp, of those who used to come from the Indian Army. It is, indeed, no exaggeration to say that recruitment of suitable men has practically ceased.

6. I need not labour these arguments, but will proceed to explain in the succeeding paragraphs of this letter my proposals to improve conditions in the Police Force.

7. (a) *Inspectors.*—The Inspectors are in two grades on a scale of pay of Rs. 200-10-250 and Rs. 250-10-300-5-325. I do not propose to increase the maximum pay, but merely to abolish the grade system in favour of an incremental system, which is better suited to the requirements of a small isolated Force, where there are not the chances of regular promotion that exist in a large Force. Both the Inspectors in the second grade have drawn the maximum pay of their grade since 1st August 1924, and as they are older than the Inspectors in the first grade they have no hope of further promotion. I propose all the Inspectors should be placed on one incremental scale of pay of Rs. 200-10-300-5-325 with an efficiency bar at Rs. 280.

(b) *Sub-Inspectors.*—At present there are three grades of Sub-Inspectors, two on the first grade on a scale of pay of Rs. 125-5-150, 5 in the second grade on Rs. 100-4-120 and 11 in the third grade on Rs. 75-4-95. I do not propose to increase the maximum pay, but to abolish the grades and substitute a single incremental scale. Every Sub-Inspector in the second grade has attained the maximum pay of his grade and the five senior Sub-Inspectors in the third grade are drawing the maximum pay of their grade. Only one Sub-Inspector of the 7 in the first and second grades is due to retire in the next 5 years and 3 Sub-Inspectors in the second grade attained their maximum four years ago. They will, therefore, unless the grade system is abolished, in all probability remain on the same pay for nine years in all. Stagnation of this sort is bound to affect their work. I recommend, therefore, that all Sub-Inspectors should be placed on one incremental scale of pay of Rs. 75-4-115-5-150 with an efficiency bar at Rs. 115.

(c) *Sergeants.*—In Madras Government Order No. 198, dated the 15th April, 1929, all Sergeants, even those in the Districts of the Madras Presidency, have been given a substantial increase of pay and are paid as follows :—

	Rs.
1st grade.	200
2nd grade.	175
3rd grade	150.

In Bangalore there are only five Sergeants and they all get Rs. 125 plus a duty allowance of Rs. 25. I propose, as in Madras, to abolish the duty allowance but, in view of the restricted opportunities of promotion, to place them also on an incremental scale of pay of Rs. 150-3-180-5-200 with an efficiency bar at Rs. 180.

(d) *Head Constables.*—The following are the rates in Bangalore and Madras:—

	Bangalore.	Madras.
	Rs.	Rs.
1st grade	40	42
2nd grade	35	38
3rd grade	30	35

I propose the introduction of the Madras rates. As there are 75 Head Constables in the Force the grade system may conveniently be retained.

(e) *Constables.*—The following are the Bangalore and Madras rates:—

	Bangalore.	Madras.
Constable	Rs. 20, 21, 22, 24	Rs. 22-1/3-28-1/4-30.

I recommend very strongly the adoption of the Madras rate. The increase is considerable, but there is overwhelming evidence that the present pay is inadequate and is causing acute discontent among the existing personnel, and that recruits of the right stamp have ceased to come forward. Only a substantial improvement can stop the deterioration that is setting in.

8. The rates of pay of the Office establishment of the Commissioner of Police also require revision, but although a comparison with Offices in the Madras Presidency is helpful, it is necessary to fix the rates with regard to those in force in other Offices in the Civil and Military Station.

9. The following table shows the rates of pay drawn by the establishment of the Office of the Commissioner of Police, Civil and Military Station, Bangalore, the Office of the Commissioner of Police, Madras City, and the Office of a District Superintendent of Police in the Madras Presidency:—

	Bangalore.	Madras City.	Madras Districts.
	Rs.	Rs.	Rs.
Manager	125-8-165	200-10-250	125-7½-200
Personal Clerk	55-5-110	...	...
Accountant	70-4-90	100-5-150	80-4-120
Senior Clerks	55-3-70	85-4-125	...
Clerks, Upper Division	...	65-4-85	60-4-80
Clerks, Lower Division	35-2-55	40-1½-55-1-65	35-1½-50-1-60

The rates of pay drawn by the establishment of the Commissioner of Police, Civil and Military Station, Bangalore, compare unfavorably even with those of a District Police Office in the Madras Presidency, although the duties of the Office of the Commissioner of Police, Civil and Military Station, Bangalore, are not confined to those done in similar Offices in Madras. A considerable amount of the work ordinarily done by a District Magistrate in Madras, such as licensing, devolves in Bangalore on the Commissioner of Police. All uniforms and stores have to be purchased locally, instead of being obtained by indent, as is the case in a Madras District Office, and regular accounts have to be maintained. The accounts are more complicated than in Madras as certain receipts, such as motor fees and hackney carriage fees are credited to the Municipal Commission and certain articles (for example, Fire Engine appliances) are partly paid for by the Municipal Commission and partly by Government. On these grounds, therefore, and because there are no Upper Division Clerks, it is

desirable that the clerical establishment should be of an higher standard than that of District Superintendent of Police in the Madras Presidency. I propose an incremental scale of pay of Rs. 35-2-65, which is suitable having regard to the rates paid in other offices.

I turn now to the higher appointments.

Manager.—For the same reasons I consider that the Manager of the Office of the Commissioner of Police has more responsible work than that of the Manager of the Office of a District Superintendent of Police in Madras, and I propose that the pay of the post should be raised to Rs. 150-10-200.

Accountant.—The work of the Accountant of the Office of the Commissioner of Police is heavy and responsible. There are 600 service registers to maintain, travelling allowance bills to draw up, 23 establishment bills and 20 contingent bills are prepared every month. All promotions, reductions, punishment, appointments, etc., in the Police besides a very large number of license-fees have to be dealt with by the Accountant. I, therefore, recommend that the pay of the post be raised to Rs. 80-4-120.

Personal Clerk.—The Personal Clerk is in charge of the more confidential work and records of the Commissioner of Police and it is essential that the incumbent should be trustworthy, responsible and reticent. The political developments of the present day make it more than ever important that the confidential records of the Police should be in proper hands. I do not consider that the present pay of Rs. 55-5-110 is sufficient and I am convinced that it is unsound to have any one individual too long in the post. I, therefore, recommend that the post be filled in future by a Sub-Inspector of Police and that the present incumbent be appointed to be a Sub-Inspector. The work of the post is more onerous and responsible than that of a Sub-Inspector in the ordinary line and I, therefore, propose that special pay at the rate of Rs. 20 a month shall be attached to the post. The work of the post justifies it and it is, moreover, desirable on administrative grounds that any Sub-Inspector who may be chosen to fill the post, shall come to it willingly. I further propose to style the post in future, Confidential Assistant to the Commissioner of Police.

Head Clerk.—The pay of the post of Head Clerk of the Office of the Commissioner of Police is Rs. 55-3-70 and I recommend that it may be raised to Rs. 60-4-80, the scale of pay attached to the Upper Division Clerks in the Office of the District Superintendents of Police in Madras Districts.

10. A proposition statement is enclosed, which has been verified by the Pay and Accounts Officer, Bangalore. It will be seen that the extra cost involved by these proposals amounts to Rs. 2,612-2-0 per mensem or Rs. 31,345-8-0 per annum.

11. The table below shows (a) the share of the Assigned Tract revenues (datum line plus one-fourth share of any surplus above that line) and (b) the expenditure of the Civil and Military Station of Bangalore, for the four years from 1926-27 to 1929-30 :—

Years.	Revenue and receipts of the Civil and Military Station, Bangalore, i.e., Datum line plus one-fourth share of surplus.	Expenditure including one-third of the Residency charges.	Balance.
	Rs.	Rs.	Rs.
1926-27 (Actuals) ...	13,66,777	12,52,728	1,14,049
1927-28 (Actuals) ...	13,60,330	12,67,915	92,415
1928-29 (Preliminary Actuals) .	13,84,018	12,27,235	1,56,783
1929-30 (Revised Estimates) ...	13,91,504	12,55,123	1,36,381

The latest information at my disposal suggests that the revenue for 1929-30 is likely to exceed the figure given in the budget estimate and the Assigned Tract revenues will, in any case, be able to meet the extra expenditure involved by the above proposals.

12. I have shown both in this letter and in a separate communication that circumstances render it necessary to take immediate steps for the improvement of the conditions of service of the Police Force of the Civil and Military Station, Bangalore, and I strongly recommend that the revised rates of pay may be sanctioned with effect from the 1st March, 1930.

The necessary provision has been made in 'Part II-B—Fresh Charges' in the budget estimates of the Civil and Military Station, Bangalore, for the year 1930-31, and I trust that the provision will be allowed to stand.

The "ex-British Army" special pay of Rs. 25 and the additional pay of Rs. 10 to C.I.D. and Railway Police Sergeants stationed in Madras will be discontinued with effect from the same date. The other special pay and allowances mentioned in paragraph 1 as well as the existing concessions of free uniform and free quarters will, however, be retained.

In future the posts of Sergeants should be filled only by ex-British Army men of good character and qualifications.

3. The strength of Sergeants in each grade in the mufassal will be revised as follows :—

		Existing.	Now sanctioned.
First grade	...	20	24
Second grade	...	35	40
Third grade	...	48	*39

* Includes 1 Sergeant for the Rajahmundry Reserve.

4. The Government consider it sufficient to grant to each Sergeant who retires out of India a passage for himself and his wife at 2nd class B rates. Necessary provision will be made in the rules to be framed under the Civil Services (Governors' Provinces) Delegation Rules, 1926.

5. The revised rates of pay and the revised grading now sanctioned have been fixed with due consideration of the extra expenditure which Sergeants may have to incur on the education of their children and medical attendance for their families. The Inspector General's proposals for free medical attendance and the grant of educational concessions are, therefore, unnecessary.

6. The Inspector General and the Accountant General have pointed out that the rates of pay now sanctioned to Sergeants involve the anomaly in that a Sergeant on Rs. 200 will draw only Rs. 175 on promotion as Inspector. The Government consider that there is no need for this reason to increase the scale of pay of either Reserve or other Inspectors and that the difficulty may be met by so arranging promotions that a first grade Sergeant, when promoted to the Inspectorate, will enter the second class of Inspectors on Rs. 225.

7. The Inspector General is requested to submit through the Accountant General a revised proposition statement for the sanction of Government.

From

Major G. Loch,

Secretary to the Resident in Mysore.

To

The Officer on Special Duty,

Government of India, Finance Department.

Through The Pay and Accounts Officer, Bangalore.

Dated Bangalore, the 13th January, 1931.

Sir,

I am directed to say that the Audit Officer, Experiments, Bangalore, brought to the notice of the Hon'ble the Resident that certain moneys collected from the members of the Police Force of the Civil and Military Station of Bangalore towards a Sports Fund were entered in the official Cash Book and that, as such collections did not pertain to general revenues, their entry in it was irregular. It was also pointed out that, if it was decided to keep a banking account of the Fund in favour of the Commissioner of Police, Civil and Military Station, Bangalore, the sanction of the Principal Auditor should be obtained under Rule IV(a) of Appendix A to the Treasury Orders. S.N. 1.

2. The Commissioner of Police, to whom a reference was made on the subject, reported that, in accordance with the above views of the Audit Officer, a separate account for a Sports Fund was maintained by his office and that no entries were made in the Cash Book. The Collections were deposited by the Commissioner in his favour in the Imperial Bank of India, Bangalore.

3. As it was considered undesirable that compulsory subscription should be levied from the members of the Police Force in the Station towards the Sports Fund, the Government of

India

asked
India were /to sanction an initial grant of Rs.1,500/- for making a hockey ground and a recurring one of Rs.750/- per annum in connection with the promotion of games and sports of the Police Force of the Civil and Military Station of Bangalore. The proposals included the discontinuance of the private subscriptions These proposals were sanctioned by the Government of India in the Foreign and Political Department, in their memorandum No.F.354

-A/30, dated the 8th October, 1930. The levy of the subscriptions has stopped, and it is no longer necessary for the Commissioner of Police to maintain an account in his name in the Imperial Bank of India, Bangalore, in respect of the Sports Fund which has now been closed. I am, however, to ask that the action already taken by the Commissioner of Police in having opened the banking account in his name, may be regularized by according necessary sanction to the account.

I have the honour to be,
Sir,
Your most obedient servant.
